RE: JAC Agreements & Notice of Important Changes

The JAC Commissioners adopted new agreements for FY 2010-2011 at their meeting in May. The agreements have changed significantly since last year. The legislature recently passed several provisions relating to private court-appointed cases. See HB 5001 & CS/HB 5401 (2010 legislative session). These provisions included amendments to sections 27.40, 27.425, and 27.5304, F.S., as well as the creation of section 27.5305, F.S. These enactments will go into effect on July 1, 2010. Because of the recent statutory changes, as well as other policy concerns, the JAC Agreements for Attorney Services and the other JAC Agreements have been amended.

Included below is a notice that will be sent to each attorney and vendor for whom JAC has an email address. The documents are also posted on the JAC website (www.justiceadmin.org).
