

Thirteenth Judicial Circuit **ADMINISTRATIVE OFFICE OF THE COURTS**

Announcement: E-Filing Changes in 13th Judicial Circuit

The 13th Judicial Circuit implemented JAWS 5.0 on September 1, 2020. This software upgrade addresses a Florida Supreme Court mandate, requiring that all Florida courts utilize the statewide filing portal. All attorneys must then begin filing documents in 13th Circuit cases via the portal beginning September 1st. Attorneys who don't already have a portal account will need to create one. Additional information, to include instructions on creating a portal account, can be found at <https://www.myflcourtaccess.com>. For information on how to upload a Proposed Order to the Florida E-portal, please [click here](#).
