

July 9, 2010

Dear Registry Attorneys, IFC Attorneys, and/or Due Process Vendors:

This communication serves as follow up to the prior memoranda recently issued regarding statutory and contractual changes. In light of the new statutory changes, JAC has issued a new memorandum reminding attorneys of the need to provide appropriate notice to JAC regarding motions related to attorney's fees and due process costs. This memorandum also advises attorneys regarding a manner in which attorney's may submit motions and other legal pleadings through electronic mail rather than by fax or mail.
