

**IN THE THIRTEENTH JUDICIAL CIRCUIT COURT
FOR HILLSBOROUGH COUNTY, FLORIDA
CIRCUIT CIVIL DIVISION**

Plaintiff(s),

v.

Case No:

Division:

Defendant(s).

Amended
Differentiated Case Management Order
(General & Extended Circuit Civil Cases)

THIS CAUSE comes before the Court after {select one} [] a hearing held on _____ or [] a stipulation of the parties seeking the entry of an Amended Differentiated Case Management Order (“**Amended DCM Order**”) governing this case. Although Florida Supreme Court Administrative Order AOSC21-17, Amendment 1 (the “**Supreme Court Order**”) and the Thirteenth Judicial Circuit’s Administrative Order S-2021-060 (the “**Case Management Plan**”) require the entry of a Differentiated Case Management (“**DCM**”) Order containing a projected trial date within the time standards established by Florida Rule of General Practice and Judicial Administration 2.250, this rule recognizes that under appropriate circumstances the time standards may be modified.

In entering this Amended DCM Order, the Court finds that the following good cause has been established meriting a reasonable delay in the presumptive time standard set forth in Rule 2.250(a)(1)(B):

[] For the reasons identified in the Uniform Stipulated Motion Establishing Good Cause for Entry of Amended Differentiated Case Management Order; or

[] For the following reasons:

Accordingly, it is now

ORDERED, and ADJUDGED that:

1. Counsel and any self-represented parties may seek to enlarge or modify the deadlines set forth herein only by filing a motion and setting it for hearing.
2. A projected trial date must be included in the DCM Order for Existing Cases because it is required by the Supreme Court Order. However, a projected trial date does not set the case for trial. A firm trial date will be set *only* through entry of a Uniform Order Setting Trial & Pretrial (Revised April 30, 2021). The Uniform Order Setting Trial & Pretrial (April 30, 2021) can be located on the division judge’s web page under the “Forms” tab. Each division’s trial weeks are published on the division judge’s web page under the “Schedule” tab. The Uniform Order Setting Trial & Pretrial (Revised April 30, 2021) may be entered in any one of the following ways:
 - a. By the Court, for the division’s published trial week(s) for the projected trial month. This may be done by the Court at any time, with or without a hearing and with or without notice;

- b. After submission of the order by the parties via the Statewide Portal, for the division's published trial week(s) for the projected trial month; or
- c. After a hearing set by either the parties or the Court.

While the Uniform Order Setting Trial & Pretrial (Revised April 30, 2021) may be entered in any one of those ways, it is ultimately the Plaintiff's responsibility to ensure that the Uniform Order Setting Trial & Pretrial (Revised April 30, 2021) is submitted to the Court for entry by the deadline.

- 3. If the projected trial date below falls outside the time standards specified in Florida Rule of General Practice and Judicial Administration 2.250(a)(1)(B), it is because the Court has found good cause for such a variation from those standards in this case as set forth above. This good cause includes but is not limited to the period of time that the case was pending prior to the entry of this Order, the status of discovery, and the necessity of affording the parties and their counsel adequate notice and an opportunity to prepare their case prior to setting the case for trial, among other relevant factors.
- 4. Counsel and any self-represented parties are DIRECTED to review and comply with all provisions of the Thirteenth Circuit's Administrative Order S-2021-014.
- 5. In furtherance of the prompt administration of justice, a certificate of conferral pursuant to paragraph 11.A. of the Thirteenth Circuit's Administrative Order S-2021-014 shall be included in the body of every applicable motion.
 - a. Counsel and/or any unrepresented parties should review paragraph 11.A. prior to filing any motion and should anticipate that a hearing set on a motion that lacks such a certification will be canceled and the motion denied without a hearing for failure to comply with this requirement; and

- b. When a certificate of conferral is required under paragraph 11.A., the certificate should be substantially in the following form:

“I certify that prior to filing this motion, I attempted to resolve the matter by discussing the relief requested in this motion by [date and method of communication (select one of the following: in person, telephone, or video conference)] with the opposing party or counsel and [the opposing party or counsel did not agree to that the motion could be resolved without the necessity of a hearing] OR [the opposing party or counsel did not respond and (describe with particularity all of the efforts undertaken to accomplish dialogue with the opposing party or opposing party’s counsel prior to filing the motion)].”
